Horizon Europe Application Masterclass: Crafting a winning proposal in pillar II

National Contact Points 'Climate, Energy, Mobility' (NKS-KEM) and
'Bioeconomy and Environment' (NKS-B&U)

25th February 2027 | online

Handout

Are you gearing up for the forthcoming Horizon Europe Pillar II calls? Eager to craft a proposal that stands out? We have the perfect solution for you. Join us for a comprehensive online masterclass on 25th February 2027, where we will delve into the intricacies of successful application writing - conducted in English for a more authentic and effective learning experience!

Gain invaluable insights and learn the secrets to a persuasive proposal directly from experts. This workshop is tailored for individuals who have some experience with the European research framework programs Horizon 2020 and/or Horizon Europe, as well as those with a keen interest in applying.

Through a blend of interactive exercises and small group discussions at our virtual topic tables, you'll have the chance to refine your skills. We'll navigate a hypothetical topic and project idea, allowing you to enhance your understanding of Horizon Europe's latest updates.

The program encompasses three practical exercises, each designed to shed light on critical components of your proposal: impact, work plan, consortium formation, and effective writing strategies.

Don't miss this opportunity to elevate your proposal-writing skills and connect with fellow innovators and researchers.

The number of participants is limited, so secure your spot now and take the first step towards a winning Horizon Europe application!
