

PROJECT SUPPORT NKS KEM

On behalf of various German federal ministries, the National Contact Point Climate, Energy and Mobility (NKS KEM) offers consultation on project funding possibilities in the EU Framework Programme for Research and Innovation “Horizon Europe” including Cluster 5 “Climate, Energy and Mobility”.

We offer reviewing your project idea before you submit your application and jointly working out suggestions for improvement. In order to provide the best possible consultation, we need you to briefly describe your project idea by answering the questions we have listed below. Please also give us your contact information so that we can give you feedback.

Our support is confidential, free and impartial.
